

# Salt Spring Food Share

## Volunteer with us!

Help us pick fruit to share with local organizations. Keep 1/3 of the harvest for yourself. With your help we are fostering a food sharing culture, strengthening our local food security, and reducing food waste across the island!

Register your tree or sign-up our volunteer team:

## Have an abundant tree?

Donate excess fruit from your trees. Trained volunteers will harvest. Produce is shared with volunteers, land holders & the food bank.
